

2019 Campaign Results

Data from the 2019 American College Application Campaign, as reported by ACAC states on the 2019 annual survey, indicate that:

- 7,289 high schools hosted a College Application Campaign event nationally.
- 763,402 seniors submitted at least one college application during 2019 College Application Campaign events.
- 1,234,011 college applications were submitted during 2019 College Application Campaign events.
- Additionally, at least 604 elementary schools, 543 middle schools, and 164 community-based organizations also hosted college application events to learn about the college-going process.

Because not all data are reported, we know these results are conservative. To date, over 3.36 million students have been served by ACAC and 5.28 million applications submitted since the inception in 2005.
