

2021 Campaign Results

Data from the 2021 American College Application Campaign, as reported by ACAC states on the 2021 annual survey, indicate that:

- 5,165 high schools hosted a College Application Campaign event nationally.
- 222,668 seniors submitted at least one college application during 2020 College Application Campaign events.
- 460,665 college applications were submitted during 2020 College Application Campaign events.
- Additionally, at least 97 elementary schools, 85 middle schools, and 206 community-based organizations also hosted college application events to learn about the college-going process.

Because not all data are reported, we know these results are conservative. To date, over 3.7 million students have been served by ACAC and 6.5 million applications submitted since the inception in 2005.
